The amazing 13 lb. PitchMan™
...it’s a Sony.

For people who give presentations, there has never been so much heavyweight professionalism in such a lightcost portable package.

PitchMan brings together, all in a 13-lb. tape recorder/player, the talents of: a supremely synchronized slide-sound showman, a money-and-time-saving A/V lab technician, a quality public address system.

PitchMan, when recording, automatically adjusts sound levels and allows you to do your own cueing instead of having it done by an A/V lab. And you'll never get out of sync with your slides when presenting. Never.

PitchMan’s P.A. pause button lets you stop to comment or answer questions as often as you like.

And 3-way powered operation (AC, DC, and battery) means PitchMan goes anywhere—showroom, classroom, auditorium, street, car, field.

For complete information about PitchMan (Sony model TC-182), write to Sony Corporation of America, Information Center, Dept. 250-E, Box 1594, Trenton, N. J. 08607.
